This is a review for coffee roasteries in Charlotte, NC:

"This isn't a coffee shop, but the actual roaster where th and bag all their beans. That being said, there is no bette to get your coffee, as it's as fresh as it gets here. As I wal instantly noticed the beautiful aroma of roasting coffee I and it only gets better the close you get. I stopped by jus up a bag of beans, and literally watches them load the b the package I was purchasing. It also might be cheaper t your beans here, as there is no middle man retailer, I'm what a bag might sell for elsewhere, but it was \$12 for a of Black Hat whole beans. If you like local coffee, definite stopping by!"
